Grei

Our concept is founded on a culinary philosophy which seeks the sensual understanding and usage of understated herbaceous ingredients, rather than in the predictable customs of culture and tradition. Grei is a gastronomic celebration that takes you on a multi-dimensional journey of artfully curated textures, colours, flavours and ambience.

equinox

Autumn is the season of transformation, the bridge between the vibrant energy of summer and the reflective stillness of winter.

The fiery splendour of autumn is easily matched by the sensual allure and texture of the ingredients that it brings.

Perhaps no other season compliments the intriguing appeal of earthiness and the versatility of savoury and sweet quite as adeptly as Autumn - or as we have named it Equinox.
