HOTEL, VILLAS AND SPA

JOHANNESBURG

PHILOSOPHY

The Saxon Hotel Villas and Spa is the epitome of luxury hospitality and has curated an unrivalled wine selection since its inception in 1999. Core to our values, is the belief that a complete wine list informs and inspires. As such, we tirelessly endeavour to maintain a thrilling list with original yet considered listings. It is our hope that the offering traverses a wide range of palates, from the expert to the enthusiast; from a diverse and enticing wine-by-the-glass list to the extensive and heady vintage offerings of some of the most classic wines from both South Africa and beyond.

Just like our chefs, we are committed to environmentally and socially responsible decisions in all aspects of our service delivery. We are therefore proud and inspired by what is brought to our doors, the finest produce that reflects quality of origin and season. We source from the finest growers and vigneron and are passionate about sourcing from our ever-blossoming local talent.

MANAGEMENT

Please note that meticulous effort has been made to keep this wine list up to date. However, some vintages may vary. And whilst we recognise that you may have your own special bottles that you may wish to present, please be guarded that we DO NOT accept corkage owing largely to our extensive wine offering.

HISTORY

Soon after landing at the Cape in April 1652 to establish the settlement intended as a supply station for ships sailing around the southern coast of Africa, Jan van Riebeeck planted the first vines in the Dutch East India Company's Garden. His diary bears testimony to the success of these first experimental plantings with a note written on the 2nd of February 1659, "Today, praise be the Lord, wine was made for the first time from Cape grapes." Pioneer farmers began to settle in the mountain valleys, and they planted several grape varieties, some of which have survived. The varying microclimates, soils and aspects of the Cape are well suited to viticulture. By 1685 the French Huguenot refugees had arrived in the Cape with their winemaking skills, and they were largely instrumental in developing the industry in these ideal winter rainfall areas.

The first grapes grown in the Cape were mainly the muscat varieties, producing sweet musk-flavoured red and white muscadell wines, followed by semillon, which produces white wines, and cinsaut, which produces red wines. Since those early years winegrowing in the Cape has expanded to include well over a hundred different cultivars, notably white wine varieties such as chenin blanc, riesling, colombar, clairette blanche and semillon, and red wine varieties such as cabernet sauvignon, shiraz, cinsaut and pinotage, a South African hybrid from pinot noir and cinsaut. Today South Africa's vineyards extend over more than 100,000 hectares, with the various winegrowing areas grouped into regions consisting of districts and wards and producing approximately one-tenth of the output of France or Italy. We remain resolute in our quest to bring in the best of our vines. They are a combination of old bush vines and some terrain-conquering shoots that continue to sprout across the land, producing some vinous gems that only nature can produce.

CORAVIN POUR

ACCESS FINE WINE BY THE GLASS

Coravin is unlike any other product on the market. It gives you the freedom to pour and enjoy a glass of wine from any bottle at any time. Its proprietary technology keeps the cork in place, while allowing the wine to flow, protecting the wine remaining in the bottle from oxidation. The Coravin System will transform the way you experience wine.
