### DAY 3 FAMILY EXPLORATION

---

Start your morning with a delectable breakfast in Qunu Restaurant, or in the comfort of your suite.

Johannesburg offers a diverse range of family activities to suit your particular interest. An outing for the lovers of military history, a visit to the Johannesburg Military Museum is ideal. Located 7-minutes away from the hotel, this museum is an impressive memorial to the past with its collection of World War 1 and 2 fighter planes - some the only remaining planes of their kind in the world - tanks used by the South African Defence Force in war in Angola, armaments, medals, military insignia and uniforms.

For the discoverers and science lovers the Sci-Bono Discovery centre, a short 30-minute chauffeured drive from the hotel is an all in one centre that offers educational fun for kids. The centre offers a range of exhibitions throughout the year. Please speak to our Concierge to see which exhibition is running during your visit.

The city is home to the Johannesburg Botanical Gardens which highlight some of our unique flora and fauna. A quaint picnic prepared by our Chefs can be enjoyed on the lush grassy lawns while the kids enjoy the play area before setting off to view the rose or succulent garden along the meandering paths.

Johannesburg is fast becoming a graffiti and street art destination in its own right with many pieces created by local talent, alongside international artists who have visited the city. Let us show you the beautiful art that snakes its way across the walls of the city with a graffiti art tour.

Our concierge team is on hand to book your preferred experience and recommend some of Johannesburg's restaurants and eateries for you.
