HOTEL, VILLAS AND SPA

JOHANNESBURG

PHILOSOPHY

At the Saxon Hotel Villas and Spa, we take pride in providing the ultimate luxury hospitality experience, and our exceptional wine selection has been a cornerstone of our offering since our establishment in 1999. We firmly believe that a great wine list should not only inform but also inspire, and we strive tirelessly to curate a list that is both thrilling and thoughtful. Our selection caters to a broad range of palates, from the seasoned connoisseur to the curious enthusiast, featuring an enticing wine-by-the-glass list and an extensive vintage selection that includes classic wines from South Africa and beyond.

We are committed to responsible and sustainable practices in all aspects of our service delivery, just like our chefs. We take great care to source the finest produce that reflects the quality of origin and season, working with the best growers and vigneron and supporting the thriving local talent.

We make every effort to keep our wine list up to date, although some vintages may vary. We further kindly request that you refrain from bringing your own bottles, as we do not accept corkage due to our extensive wine offering. As the Head Chef Sommelier, I am dedicated to ensuring that every guest enjoys a truly exceptional wine experience at the Saxon Hotel, Villas and Spa.

HISTORY

In April 1652, Jan van Riebeeck landed at the Cape to establish a supply station for ships navigating the southern coast of Africa. Among his first actions was planting vines in the Dutch East India Company's Garden, and it wasn't long before these experimental plantings proved successful. By February 1659, the diary of van Riebeeck attested to the first wine made from Cape grapes, prompting pioneer farmers to settle in the region's mountain valleys and plant a variety of grape types.

Thanks to the Cape's diverse microclimates, soils, and aspects, viticulture thrived. In 1685, French Huguenot refugees brought their winemaking expertise to the Cape, helping to establish the industry in these ideal winter rainfall areas. The initial grapes grown in the Cape were predominantly muscat varieties, producing sweet musk-flavoured red and white muscadel wines, followed by semillon for white wines, and cinsaut for red wines. But over time, the range of cultivars expanded to include over 100 different varieties, such as chenin blanc known locally as steen, riesling, colombar, clairette blanche, cabernet sauvignon, shiraz, cinsaut, and pinotage - a unique South African crossing of pinot noir and cinsaut.

Today, South Africa's vineyards span more than 100,000 hectares, with winegrowing areas grouped into regions consisting of districts and wards. While the output is roughly one-tenth that of France or Italy, South Africa's commitment to bringing in the best vines remains unwavering. From old bush vines to newer terrain-conquering shoots, this land produces some of the finest wines found anywhere in the world, thanks to the wonders of nature.
